

Nelson Spruston

Curriculum Vitae, June 2017

Present Position

Scientific Program Director and Laboratory Head
Howard Hughes Medical Institute, Janelia Research Campus
19700 Helix Drive, Ashburn, Virginia, USA 20147
Phone: (571) 209-4314; Email: sprustonn@janelia.hhmi.org

Personal Data

Born: May 27, 1963; Vancouver, B.C., Canada
Citizenship: American and Canadian; Family: Married, three children

Research Interests

Synaptic integration, dendritic computation, plasticity, and cellular and circuit organization of the hippocampus.

Education

1981-1985 B.Sc. (Honors), Physiology, University of British Columbia; Vancouver, B.C.
1985-1991 Ph.D., Division of Neuroscience, Baylor College of Medicine; Houston, Texas

Positions

2011-present Scientific Program Director and Laboratory Head
HHMI Janelia Research Campus
1995-2011 Department of Neurobiology & Physiology, Northwestern University
(1995 Asst. Prof.; 2001 Assc. Prof; 2006 Prof.; 2009 Prof. & Chair)
1991-1995 Postdoctoral Fellow, Department of Cell Physiology
Max Planck Institute for Medical Research; Advisor: Prof. Bert Sakmann

Fellowships, Honors, and Awards

2013-present Fellow of the American Association for the Advancement of Science
2009-2011 Martin J. and Patricia Koldyke Outstanding Teaching Professor
2007-2009 NARSAD Distinguished Investigator Award, Brain and Behavior Res. Found.
1999-2004 NSF Career Award
1998 Klingenstein Fellowship in the Neurosciences
1998 Krieg Cortical Explorer Prize, Cajal Club
1996 Alfred P. Sloan Fellow, Northwestern University
1996 Fellowship Award for the Winter Conference on Brain Research
1994-95 Max-Planck Fellow, Heidelberg, Germany
1992-93 Alexander von Humboldt Fellow, Heidelberg, Germany
1991 Grass Fellow in Neurophysiology, Marine Biological Lab, Woods Hole, MA
1987, 1990 Outstanding Presentation, Neuroscience Symposium, Baylor Col. Medicine
1987 Minoru Suzuki Award for Excellence in Neuroscience, Baylor Col. Medicine

1985 Graduate, First Class, Honors, Dept. Physiology, Univ. British Columbia

Research Funding

2011-present Spruston lab is exclusively funded by HHMI; Janelia does not allow any funding from outside sources.

2011 “CRCNS: Collaboration on high-resolution maps of synapses on hippocampal neurons”, National Institutes of Health (NINDS R01, PIs: Spruston, Kath, Smith, Remy) – Grant continues to 2014 without Spruston as a collaborator instead of a PI because of HHMI Janelia rules.

2007-2009 NARSAD Distinguished Investigator Award

2003-2011 “Neurobiology of Information Storage” (NIH/NIMH training grant, PI: Routtenberg, Co-Director: Spruston)

2002-2011 “Modeling realistic microcircuits of hippocampal neurons” National Institutes of Health (NINDS R01, PI: Spruston)

1999-2011 Co-Investigator on grants with Disterhoft and Surmeier (15 budget years of support)

1998-2013 NIH National Research Service awards to 4 graduate students and 3 postdocs (>20 budget years of support)

1996-1999 Human Frontiers in Science Program

1996-2011 “Synaptic integration and propagation in CA1 dendrites” National Institutes of Health (NINDS R01, PI: Spruston)

Teaching Activities

1996-09 Instructor (sole), Fundamentals of Neurobiology (undergraduate)

2008 Instructor, Great Experiments in Neurophysiology (graduate)

2001-05 Co-director, Ion Channel Physiology course, Cold Spring Harbor Lab

1999-04 Instructor, Fundamentals of Neuroscience (Cell & Molecular Neuro.)

1987-99 Several other courses (full list available on request)

Committees & Administrative Activities

2011-present Scientific Program Director, HHMI Janelia Research Campus

2009-2011 Chair, Dept. Neurobiology & Physiology, Northwestern University

1997-2011 Numerous committees at Northwestern (full list available on request)

Advisory Panels and Program Review

April 2014 University of Toronto, Faculty of Medicine, Canada, April 2014

2014-present Rheinische Friedrich-Wilhelms-Universität Bonn, Germany

Professional Development Workshops

April 2014 Leading Through Communication: The Linkage Communication Clinic, Linkage, Inc.

April 2014 Collaborative Leadership, Glaser & Associates, Inc.

January 2014 Improvisation for Scientists, Alan Alda Center for Communicating Science

Students and Postdocs Supervised

Currently advisor for 6 postdocs at Janelia Research Campus (*full list on request*)

Former students and postdoc (*highlights only*)*

Dan Nicholson, Ph.D.	Postdoc, 2007-2009, currently Associate Prof. at Rush Univ. Medical Center, Chicago, IL, USA
Stefan Remy, M.D.	Postdoc, 2005-07, currently Professor at German Center for Neurodegenerative Diseases, Bonn Germany
Tim Jarsky, Ph.D.	Graduate student, 2001-2006, currently Research Scientist at Allen Institute for Brain Science
Catherine Kaczorowski, Ph.D.	Graduate student, 2001-06, currently Assistant Prof. at The Jackson Laboratory, Bar Harbor, ME, USA
Nace Golding, Ph.D.	Postdoc, 1996-2002, currently Director and Professor at Univ. Texas, Austin, TX, USA
Nathan Staff, M.D., Ph.D.	Graduate student, 1998-2002, currently Neurologist at Mayo Clinic, Rochester, MN, USA

**While at Northwestern University I mentored 17 Postdocs, 15 Graduate Students, and 18 Undergraduates. I actively participated on 22 Thesis Committees at Northwestern, excluding my own students; and was an external member of 4 Thesis Committees at other institutions. A complete list is available upon request.*

Professional Affiliations

1998–present	American Physiological Society
1987–present	Society for Neuroscience

Editorial and Referee Duties

2008-present	Associate Editor, <i>Frontiers in Neuroscience</i>
2004-2011	Reviewing Editor, <i>Journal of Physiology</i>
1998-present	Grant review for NIH, NSF, Israeli Science Foundation, Medical Research Council (UK)
1995-present	Reviewer for numerous journals, including <i>Nat. Neuroscience</i> , <i>Neuron</i> , <i>Science</i> , <i>Nature</i>

Invited Talks

1993-present	126 invited seminars (<i>full list available on request</i>)
1995-present	52 invited talks at national and international conferences (<i>full list on request</i>)

Theses

1. **Spruston N.** (1992) Patch-clamp analysis of the passive membrane properties of three classes of hippocampal neurons. Ph.D. dissertation, Baylor College of Medicine.
2. **Spruston, N.** (1985) Purification and characterization of new intestinal smooth muscle contractile peptides. Undergraduate honors thesis, University of British Columbia.

Special Projects

1. Stuart G, **Spruston N**, Häusser M, eds. Dendrites, 3rd edition, Oxford University Press, 2016. (book)
2. Peng H, Hawrylycz M, Roskams J, Hill S, **Spruston N**, Meijering E, Ascoli GA. BigNeuron: large-scale 3D neuron reconstruction from optical microscopy images. Neuron, 87:252-256, 2015.
3. **Spruston N**, Pyramidal neuron. Scholarpedia, 4(5):6130, 2009. (online resource: www.scholarpedia.org/article/Pyramidal_neuron)
4. Stuart G, **Spruston N**, Häusser M, eds. Dendrites, 2nd edition, Oxford University Press, 2008. (book)
5. **Spruston N**. Somato-dendritic Integration: Dendritic Integration”, The New Encyclopedia of Neuroscience, edited by Larry Squire et al, Elsevier, 2008. (electronic resource)
6. Davie JT, Kole MH, Letzkus JJ, Rancz EA, **Spruston N**, Stuart GJ, Häusser M. Dendritic patch-clamp recording. Nature Protocols 1:1235-1247, 2006. (experimental protocol)
7. Stuart G, **Spruston N**, Häusser M, eds. Dendrites, 1st edition, Oxford University Press, 1999. (book)
8. Cline H, **Spruston N**, eds. Dendrites: bringing it all together, Journal of Neurobiology, July, 2005. (special issue)

Reviews, Chapters, and Commentaries
